Kids 12 & under may have 1 (One) Adult accompany them in the Kid's Room for free!

Halotherapy (or dry salt inhalation) is beneficial for everyone, as its antibacterial properties clean the lungs and skin which helps prevent infection. Salt also produces negative ions that promote brain chemistry changes to improve mood, release stress, boost energy, and help sleep. Inhalation of dry salt aerosol is clinically proven to decrease inflammation and cleanse the respiratory system of bacteria, viruses, pollen, and pollutants.
